"Family Owned and Farmed Since 1843"

BLACKBERRY

TASTING NOTES

Simon Huber founded this farm in 1843 and discovered blackberries growing wild. Realizing Indiana's warm continental climate was ideal for growing blackberries, Simon proceeded to plant many varieties for the enjoyment of the family.

Today we proudly carry on this tradition by producing this wine from sun-ripened blackberries. Sweet and perfect for any occasion, this wine can be enjoyed chilled.
