2010 GENERATIONS

TASTING NOTES

Generations is a very approachable, dry, red blend for wine enthusiasts and novices alike. It is medium-bodied, yet boasts comfortable tannins and rich, dark fruit. The aroma is bursting with currant, black raspberry, and roasted fig. Barrel aging lends notes of vanilla and fennel to its rich berry finish.

This blend, based on Chambourcin, Blaufrankisch, and Cabernets, compliment many dishes and is sure to please any group.
