## SUMMER 2020 SWEET WINE SELECTION

The following selection was chosen by our Master Winemakers for your enjoyment.  
Cheers!

### STRAWBERRY INFUSION

Late Spring makes us think of flowers blooming, sweet fruits, and fun with friends. And nothing goes better with all of that (especially in Starlight) than strawberries! Our Strawberry Infusion is perfect for welcoming the flavors of Spring & Summer to your table. Bursting with fresh strawberry flavor, it is as sweet and juicy as the berries we use in it. A natural for cocktails (like the Sangria, below) it is also a great addition to desserts. Kick up your cheesecake, brownies, shortcakes...anything you like. You will be surprised at just how versatile it is. Just remember, at 18% alcohol it packs a bit more punch than table wine, so a little goes a very long way!

### MAY WINE

You can't think of Spring at Huber's without thinking of May Wine! This wine is carefully crafted to speak to the Huber German heritage, and to please the palate! We start with a sweet, white wine blend, then add German Woodruff and just a touch of strawberry wine. The Woodruff lends an earthy, herbaceous quality to the wine, while the strawberry enhances the sweetness and brings the fruit flavors front and center. You only need a cold glass, a sunny day, and some great friends to enjoy this wine to the fullest. But if you feel like mixing things up a bit, try it as the base for your favorite sangria recipe. Or try ours, in the recipe below. Perfect for outdoor gatherings!

### AUTUMN FROST

We are once again offering this super-popular favorite as a Club selection! What can we say about Autumn Frost that you don't already know? This limited availability wine, made in the style of a traditional ice wine, is delightful from beginning to end. Dripping with honey and fruit on the nose and palate, this wine is filled with rich flavors that remind you of flaky pastries and Springtime in Paris. Savor a chilled glass as an after-dinner treat, with (or instead of) dessert.

### MAY WINE SANGRIA

#### **Ingredients:**

Huber's May Wine  
Starlight Distillery Brandy  
Huber's Strawberry Infusion
